2. Social Media Package

Premium Websites LLC can help you to set up your profiles at different Social Media sites. If you have a profile already set up we will go in and optimize the profile so that you will get the most benefit from that site as possible. We will set up a separate e-mail just for your Online Social Media activities so that you will not be getting a great deal more e-mails in your work inbox. The package includes setting up 3 different sites and linking them to your website (if it is possible with your site design). It also includes linking the sites all together so that using them is more efficient and takes way less time.
